

Dear Ryland Families:

Welcome to Ryland Heights Elementary School, a place where students and staff members work, learn and grow together every day! I am extremely excited to begin my first year as principal at Ryland Heights Elementary, and I look forward to working alongside our staff, students, parents and community members as we help each child succeed.

As we work each day to help students reach their fullest potential, we strive to make learning fun, engaging and relevant so students love to come to school and learn each day! As we push students to achieve at their highest potential, we know the partnership between school and home cannot be overstated. We look forward to working with parents as we strive to equip individuals with appropriate skills and empower them with the tools to be successful and responsible students.

I am looking forward to an excellent year!

Sincerely,

Michelle Cobb

Principal
