## Phase Two: School Safety Report

### School Safety Diagnostic for Schools

Pursuant to KRS 158.162, the local board of education shall require the school council or, if none exists, the principal in each school to adopt an emergency plan that must be utilized in case of fire, severe weather, earthquake, or a building lockdown and that: establishes evacuation routes; identifies the best available severe weather zones; develops earthquake protocols for students; and, develops and adheres to practices controlling access to the school building. The emergency plan shall be annually reviewed by the council, principal, and first responders and revised as needed.

In addition to the emergency plan requirements in KRS 158.162, KRS 158.164 requires the local board of education to direct the school council or, if none exists, the principal in each school to establish procedures to perform a building lockdown and to invite local law enforcement to assist in establishing lockdown procedures.

KRS 158.162 also requires the emergency plan be discussed with all school staff prior to the first instructional day of the school year and provided, along with a diagram of the facility, to appropriate first responders. Further, the principal in each school shall conduct, at a minimum, the following emergency response drills within the first 30 instructional days of the school year and again during the month of January: one severe weather drill, one earthquake drill, and one lockdown drill. In addition to the drills required in KRS 158.162, 922 KAR 2:120 applies to boards of education and requires fire drills be conducted monthly during hours of operation and be appropriately documented.

## Questions Related to the Adoption and Implementation of the Emergency Plan

1. Has the school council or, where applicable, the principal adopted an emergency plan in accordance with local board policy and in compliance with the specifications in KRS 158.162(3)?

*If the answer is "no," please explain below.*

*Please note that the school council or, where applicable, the principal in each school is also required, pursuant to KRS 158.164, to establish, in consultation with local law enforcement, lockdown procedures; however, you are not being asked to certify that here.*

Yes, Ryland's SBDM Council has adopted an emergency plan in accordance with the Kenton County School District's Board policy and in compliance with specifications in KRS 158.162(3).

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

2. Has the school provided local first responders with a copy of the school's emergency plan along with a diagram of the school as required by KRS 158.162(2)(b)?

*If the answer is "no," please explain below.*

Yes, we have provided a copy of our emergency plan to our District Safety Coordinator who provides all information to first responders.

### **ATTACHMENTS**

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

3. Has the school posted primary and secondary evacuation routes in each room by any doorway used for evacuation as required by KRS 158.162(3)(a)?

*If the answer is "no," please explain below.*

Yes, we ensure that all classrooms have appropriate evacuation routes posted by the doorway.

### **ATTACHMENTS**

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

4. Has the school posted the location of severe weather safe zones in each room as required by KRS 158.162(3)(b)?

*If the answer is "no," please explain below.*

Yes, each classroom has severe weather safe zones posted in each room.

### **ATTACHMENTS**

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

5. Was the school's emergency plan reviewed at the end of the prior school year by the school council, principal, and first responders and revised as needed as required by KRS 158.162(2)(c)?

*If the answer is "no," please explain below.*

*Please provide the most recent date of review/revision of the school's emergency plan in the district.*

Since Ryland Heights Elementary has a new principal, counselor and plant manager, the safety plan was recently reviewed on October 11, 2018.

### **ATTACHMENTS**

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

6. Did the principal discuss the emergency plan with **all** school staff prior to the first instructional day of the current school year and appropriately document the time and date of such discussion as required by KRS 158.162(2)(d)?

*If the answer is "no," please explain below.*

*Please provide the date the school completed this discussion.*

Yes, the safety plan was discussed with all staff members on opening day, August 13, 2018.

### **ATTACHMENTS**

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

7. During the first 30 instructional days of the current school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(4)?

*If the answer is "no," please explain below.*

*Please note that 922 KAR 2:120 also applies to boards of education and requires fire drills be conducted monthly during hours of operation and be appropriately documented; however, you are not being asked to certify that here.*

Yes, all drills were conducted as required by KRS 158.162(4) and documented.

### **ATTACHMENTS**

Please be sure to upload the files in the Attachments section at the end of the diagnostic.

8. During the month of January during the prior school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(4)?

*If the answer is "no," please explain below.*

*Please note that 922 KAR 2:120 also applies to boards of education and requires fire drills be conducted monthly during hours of operation and be appropriately documented; however, you are not being asked to certify that here.*

Yes, all drills were completed as required in January of 2018. January 3, 2:00PM - Fire Drill  
January 4, 9:00AM - Severe Weather January 18, 9:00 AM - Earthquake January 18, 9:10 AM-  
Lockdown
