SBDM Council Information (REPEAT)

The Kenton Elementary School population has now reached a minority student population of 8%. Therefore, the SBDM (School-Based Decision Making) Council does need a minority parent member to serve on the council.

The purpose of the Council is to impact student achievement. If you would like to be a member of the SBDM council to help students at Kenton Elementary, we are in need of a minority member, at this time.

Please notify Mrs. Coleman if you are interested or have questions about the definition of a parent, minority or other eligibility factors to run as a minority parent. Mrs. Coleman can be reached at mindy.coleman@kenton.kyschools.us or at 859-356-3781. The deadline for notification is 4:00 p.m. on March 28, 2019.

A Note from the Nurse...

Is your child getting enough sleep?

Studies show that not getting sufficient sleep can lead to underachievement at school, and cause accidents, difficulty paying attention, “zooing out”, interpersonal conflicts, and predisposition to or exacerbation of health problems. While sleep needs vary between children, the American Academy of Pediatrics recommend that children age 6-12 years old get 9-12 hours of sleep a night.

Tips for developing good sleep habits:

- Stick to a regular bed time every night
- Don't go to bed hungry
- Avoid caffeine
- Plan up to 1 hour of quiet time before bed, i.e., listening to quiet music or reading a book.
- Instill bedtime routines, i.e., going to the bathroom, brushing teeth
- Bedroom environment: Your child's bedroom should be quiet, comfortable and dark. Having TVs and electronics in the bedroom are discouraged due to their stimulating nature.
